From the President's Desk...

Stani Memorial P.G. College is among the top ranking private colleges in the state. A centre of excellence in education in the city of Jaipur, the college is known for its dedication towards promoting excellence in education, academics, physical and mental growth along with fostering ethical values amongst the youth of today.

The college was instituted in the year 1998 and has completed more than two decades of striving for providing multi-dimensional quality education so as to achieve the goal intended by our Founder President, Dr. Thomas Cangan. His vision was creation and dissemination of quality, world class affordable education encompassing nurturing of human values, life skills & ethics.

The college has a glorious past and has performed its task with wide acclaim, which is evident from the records of the alumni who have secured a towering career status. In the light of futuristic foretell, Stani Memorial P.G. College is emerging as the centre of excellence in research, may it be the fields of arts, science or culture. On behalf of the SMPGC faculty members, management and all those associated with it, I extend my best wishes to all students and wish them success in all their endeavors.

Prof. Barbara Cangan
President
SIIRM Consortium of Educational Institutions

From the Secretary's Desk...

Education enables a person to face new challenges, achieve progresses and lead a successful life. I, therefore, would like to encourage all students to acquire the right education through the right educational institution. I appreciate both the parents and the students for having made the right choice of choosing SMPGC.

Education at SMPGC is neither just about academic brilliance nor a consistent return, but an ambience where culture and human skills meet together. The institute undertook a series of reforming exercises to become what it has become today. We now welcome students to come forward to experience the difference. Keeping abreast with this contemporary world of cut throat competition, we the SMPGC team, aim at creating an inter-disciplinary and a holistic academic environment that enable students to gain knowledge without stress.

I do strongly believe in my spirited staff members' capacity to build up the college as one among the leading colleges in the region. I am delighted to welcome all the students to this world of education and my best wishes for them to unlock and realize their potential.

Dr. Stany Thomas Cangan
Member Secretary, SIIRM Consortium
CEO & MD, IIRM Group

From the Principal's Desk...

Dear Students,

Stani Memorial P.G College tradition happily brings together sound academic achievement with an extensive, vibrant co-curricular programme that includes sports, and leadership training programmes. Our mission is to inculcate the love of knowledge in our students and, for this, we aim to develop the skills and demeanour of lifelong learning, essential for making responsible global citizens.

This will make them immensely capable of facing the future with resilience and optimism. On the deeper level, we try to instil the values of respect and trust in relationships that are the foundation of real success.

At SMPGC then, we believe that 'education' is a wholesome, holistic exercise and as such we strive to give a whole new meaning to the word. Coupling this basic premise with the idea of a sense of belonging to one family - the SMPGC family - we look at ourselves as 'care-givers.' We care for the mind - *ours is a sterling academic institution*; we care for the person - *the accent is on the all-round development of personality*. I wish you the best in the process of seeking to become a part of this family.

Dr. Radha Sharma
Principal

Stani Memorial P.G. College, Jaipur

ABOUT SMPGC

Stani Memorial P.G. College was established in the year 1998 with the motto "In Pursuit of Excellence in Education." The main mission of starting the college was to prepare the students for high profile careers in all walks of life, including civil services, NDA, banking, and management sector. Many of our students have already qualified the Civil Services Examinations and have brought laurels to the institute.

The pedagogy at SMPGC is ever evolving, thus keeping pace with the new world's professional requirements. It makes sure that the students are abreast with the latest knowledge available thus fabricating academic up-gradation – a regular phenomenon at the college.

SMPGC is committed to promoting and preserving a curriculum leading to academic excellence and professional advancement. It continuously assesses and adapts its curriculum to meet the rapidly changing needs of the society.

Stani Memorial P.G. College can proudly boast about its highly qualified faculty members with years of experience in their respective fields of study & research. The pedagogy at SMPGC ensures that appropriate personal attention is given to each student, not only in the classroom but outside also. The college has high-end, well-equipped laboratories of Biotechnology, Computer Science, Chemistry, Physics, Botany, Zoology, Statistics, Psychology, Geography, Geology, Drawing & Painting, Visual Arts & B.B.A. It is our belief at SMPGC that knowledge confined merely to books, is of no use, unless combined with hands-on practical experience for providing skills to live a better life.

THE VISION

MISSION

CORE VALUES

The Vision

- To be a global leader in creation of a knowledge society through quality in education and research, thus producing competent and visionary citizens for the society.
- To promote the general advancement of human knowledge understanding and overall development of the students to their highest potential so that they may contribute to the improvement of the standards and cultural values of all people.

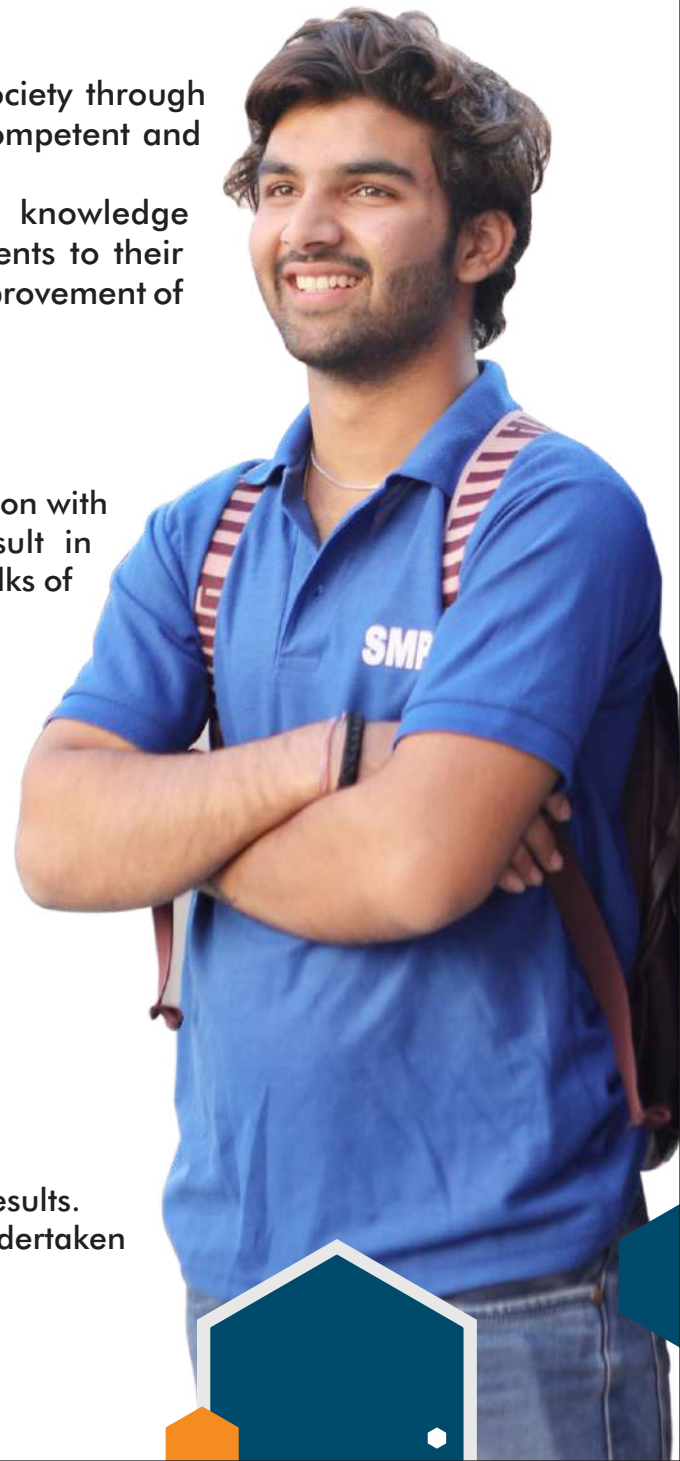

Mission

- To create a distinct environment of excellence in education with human values & social commitment, which will result in preparing the students for a high profile career in all walks of life, including civil services & other high profile jobs.

Core Values

Stani Memorial P.G. College aims to provide a transformative, practical, liberal academic environment that produces critical thinkers. Our students believe in equality, integrity, peace, simplicity and emphasize on the creative problem-solving skills, experience, enthusiasm and international perspectives necessary to promote a positive change in the world. The college strongly believes in :

- Commitment to students and faculty members.
- No compromise for the best quality in all undertakings.
- Innovation for all processes involved in value addition.
- Persistence, perseverance and diligence to achieve best results.
- Honesty, integrity, ethicality & transparency in all tasks undertaken for stake holders.

The Campus

SMPGC proudly boasts of its independent, aesthetically designed & constructed campus. It gives an opportunity to young boys and girls to study together in an ideal academic environment so that they can bear the responsibilities and challenges of life. The infrastructure is ultra modern with all the amenities required by the students of the present generation.

24x7 Wi-Fi enables students to be seamlessly connected with the latest knowledge of everything. While the CCTV surveillance makes sure of their safety and security.

Lecture Theatre

SMPGC has well furnished, spacious lecture theaters equipped with all the latest modern teaching aids like OHPs, & LCD projecters, to make sure that the students & the faculty members have the very best means at their disposal. This break from the traditional textbook teaching ensures a more practical & interactive classroom experience.

Library

SMPGC has a hi-tech computerized library to help students to reach the pinnacle of excellence in their particular field of study. It has a rich collection of more than 30,000 books and a subscription of more than 07 newspapers and UGC approved journals and magazines. It provides a healthy and peaceful atmosphere for the students to enhance their academic growth and performance.

Regularity of Classes & Assessment of Students

Stani Memorial P.G. College strictly monitors the regularity of classes and ensures the punctuality of the students and their proper attendance. Students securing less than 75% attendance are not allowed to appear in the university examinations. The parents are also kept informed about the student's attendance and their performance on a regular basis. To assess the performance of students college organizes regular class tests, mid-term & Pre university exams.

Students Committee

Stani Memorial P.G. College has the most efficient and well-managed student committees which comprehend the various activities organized by the college. This inculcates the feeling of self-discipline, team spirit and humanistic values among the students so that they can achieve their goals in a more creative way. It also contributes towards the students holistic wellness and recreational needs.

Conference Room

The college provides high profile conference rooms equipped with modern scientific teaching-learning aids which are utilized for providing a better understanding of subjects through LCD projectors, seminars, video conferencing and informative learning. Guest lectures and FDPs are regularly conducted, making optimum use of such high-end infrastructure.

Student Leadership Development Programme

A student leadership development program is a valuable means of strengthening students in the areas of organization, teamwork, and leadership. Through this program, students are provided with opportunities to enhance their leadership skills, engage in group activities, and develop their decision-making abilities. These programs often include workshops, seminars, and practical exercises that enable students to understand the principles of effective leadership and apply them in real-life situations. By participating in a student leadership development program, students can cultivate important qualities such as communication, problem-solving, and collaboration, which are essential for their personal growth and future success.

**STUDENT
LEADERSHIP
DEVELOPMENT
PROGRAMME**

Counseling

The college organizes regular counseling camps by subject experts, in order to help the students to understand & efficiently deal with their problems. Counseling camps are conducted for all the Under-Graduate & Post-Graduate students, to polish their professional skills and equip them for their future endeavours.

Personality Development Programme

The 'Personality Development Programme' has been meticulously designed to aid the students to enhance their sense of identity and self-awareness while allowing them to better harness their potential. The programme focuses on nurturing their talents in order to ensure and formulate a better learning of themselves on both – professional and personal front. Our faculty members aim to ensure that each individual student is able to make the most of his/her talent & potential.

IGNOU

SMPGC has also teamed with Indira Gandhi National Open University (IGNOU), the largest open university in the world, to offer additional certification programmes, under graduate & post graduate courses to all of its students. The programmes currently offered by our IGNOU Study Centre are as follows :

1. Bachelor of Social Work (BSW)
2. Master of Social Work (MSW)
3. Master of Social Work (Counselling) (MSWC)
4. Master of Arts (Rural Development) (MA-RD)
5. Post-Graduate Diploma in Rural Development (PGDRD)
6. Certificate Programme in Rural Development (CRD)
7. Certificate in NGO Management (CNM)
8. Diploma in Panchayat Level Administration & Development (DPLAD)

Rajasthan State Certificate Course in Information Technology (RS-CIT)

RS-CIT has been recognized by the Dept. of Information Technology and Communication (DoIT&C), Govt. of Rajasthan to propagate IT literacy among the people of Rajasthan. With an eye on the future prospects of information technology, SMPGC has also teamed up with Rajasthan Knowledge Corporation Limited (RKCL) to become an approved RS-CIT Centre in order to bridge the digital divide and offer IT friendly courses for all its students.

Preparation for Competitive Examinations

Stani Memorial P.G. College is a temple of education, offering endless opportunities for curricular & co-curricular advancement of all the stakeholders. The college also believes that the potential & efforts of all its students needs to be channelized proficiently in order to broaden their horizons, leading to a wide spectrum of career options, be it the private or the government sector. Through regular sessions & special classes for competitive exams, SMPGC aims to equip its students with the right skill sets and knowledge base to excel in any exam.

FACULTY OF SCIENCE

Department of Botany

Botany, also called plant science(s), plant biology or phytology, is the science of plant life and a branch of biology. Botany as a subject is related to the study of plants and a career in it would mean studying in depth about fungi, algae, plants, diseases, growth, metabolism and structure between different groups. When planning a career in Botany, the job profile can include study of plants, research, working with industries, teaching, self employment, and being a part of many more fields. SMPGC's Department of Botany (UG level) was established in 2001. The department provides excellent experimental facilities based on the university syllabus. The department advanced to the post graduate level in the year 2005.

Scope

A botanist can be a part of any reputed organization as a plant explorer, conservationist, ecologist, environmental consultant, horticulturist, plant biochemist, molecular biologist. They also work for management of forests, wastelands, sea wealth etc. & in chemical industry, food companies, biotechnology firms, land management agencies, seed and nursery companies, plant health inspection services, national parks, plant resource laboratory, educational institutions etc.

Department of Zoology

Zoology or animal biology is the branch of biology that relates to the animal kingdom, including the structure, embryology, evolution, classification, habits, and distribution of all animals, both living and extinct, and how they interact with their ecosystems. It is one of the most exciting areas of study involving every imaginable kind of animal (including humans), in habitats as diverse as rain forests and oceans. SMPGC's Department of Zoology was established in the year 2001 and acquired its P.G. status in the year 2005.

Scope

Department of zoology provides scope in various fields such as ecologist, marine scientist, environmental consultant, nature conservation officer, research scientist, field trail officer etc.

Department of Chemistry

Chemistry is a branch of physical science that studies the composition, structure, properties and change of matter. Chemistry includes topics such as the properties of individual atoms, how atoms form chemical bonds to create chemical compounds, the interactions of substances through intermolecular forces that give matter its general properties, and the interactions between substances through chemical reactions to form different substances. Department of Chemistry at SMPGC was established in the year 2001, since then it has been growing steadily as is apparent from the enrolled strength of students in every succeeding year. It acquired the P.G. status in the year 2005. There are separate chemistry labs for UG & PG; equipped with all necessary instruments like conductivity meter, pH meter, spectrophotometer, OHP, colorimeter etc.

Scope

The subject gives us opportunities in research and development, teaching, product development, quality assurance, analytical science and information science. One can also become an academic researcher or an agricultural chemist.

Department of Physics

Established in the year 2001, the Department of Physics at SMPGC has evolved into a leading centre in the areas of under-graduate & post-graduate studies in Rajasthan. The department acquired the P.G. status in the year 2009. The department regularly participates in various national and international research initiatives and also hosts various conferences, seminars, meetings etc. of research interest. Besides imparting quality education to the department students, the faculty also ensures that the students are up to date with the latest in the areas of technology, particularly related to physics.

Scope

Students pursuing this field can explore career opportunities as a physicist, physics lecturer, lab technician, research associate, academic counsellor, quality control manager, scientist, radiation oncologist etc. Students can also be a part of world-renowned organizations like BARC, ISRO, DRDO, VSSC, SPL and can thus work in research centres in India as well as abroad.

Department of Mathematics

Mathematics, hailed as the “Queen of Sciences” by Carl Friedrich Gauss, dreaded by many and loved by an equal number, has progressed rapidly since the beginning of recorded history. Mikhail B. Sevryuk noted in January 2006 that “the number of papers and books included in the Mathematical Reviews database since 1940 (the first year of publication of MR) is now more than 1.9 million and about 75 thousand items are added to the database each year”. The Department of Mathematics at SMPGC was established in the year 2001 and acquired its PG status in 2005. The highly experienced faculty members are always available for highly motivated students looking to pursue an academic or industrial career in Mathematics or Statistics.

Scope

Combining mathematics with other specialist subjects such as economics, statistics, computer sciences, can greatly improve job prospects. One can find job in chemical engineering and electronic engineering. There are also career opportunities in business science, social services, education, public sector undertakings and specialized technical fields such as system design.

Department of Psychology

The Department of Psychology at SMPGC was started in the year 2004 for the overall development of students via interactive teaching methods used by qualified faculties in order to improve the student’s psychological skills. Seminars, special lectures by eminent professors are organized regularly by the department. To give good practical knowledge of the subject, the department boasts a well equipped Psychology Lab with all necessary psychological tests & apparatuses. Personal attention is given to each student and internal exams are conducted time to time by devoted & committed faculties, to check the students gradual progress.

Scope The study of psychology helps us to develop a basic understanding of human nature and facilitates several personal and social problems. Pure psychology studies general psychology, abnormal psychology, social psychology, parapsychology, geopsychology, physical psychology and experimental psychology. Applied psychology has an even more immense scope as it can be classified into educational psychology, industrial psychology, legal psychology, clinical psychology, military psychology, political psychology, and criminal psychology.

Department of Statistics

Statistics is a collection of mathematical techniques that help to analyze and present data. Statistics is also used in associated tasks such as designing experiments, surveys and planning the collection and analysis of data from these. Education in the Statistics discipline acquaints students with the role played by probabilistic and statistical ideas and methods in the fields of science, medicine, technology, and even the humanities. The department is set out to provide instruction in the theory and application of techniques that have been found to be commonly useful, and offer advanced training through interdisciplinary and graduate programs.

Scope Statistics help in economic planning, business and management, administration and in research.

Department of Biotechnology

Biotechnology is an emerging and interdisciplinary field of life sciences. Biotechnology is the use of living systems and organisms to develop or make products, or any technological application that uses biological systems, living organisms or derivatives thereof, to make or modify products or processes for specific use. It is a platform for the interface of new techniques of drug development, chemical industry, agriculture and other paramedical branches. SMPGC has emerged as a centre for development of technical and research skills in Biotechnology and allied courses.

Scope Genetic Engineering in biotechnology stimulated hopes for both therapeutic proteins, drugs and biological organisms themselves such as seeds, pesticides, engineered yeasts, and modified human cells for treating genetic diseases. It has made advance in two major areas i.e molecular biology and production of industrially important bio-chemical.

Department of Geology

With a mandate of advancement in teaching and research, the Department of Geology is continuously upgrading its facility through a variety of enrichment programs – in-line with the requirements of the industrial sector. The department is committed to produce future geologists with acumen for socio-economic development of the nation. A combination of young and experienced faculty with advanced teaching, learning, library and laboratory facilities in the campus and linkages to industry makes the graduation in the Department an exceptional experience.

Scope A well established and interdisciplinary branch of science and engineering builds scope to become a civil engineer, mining engineer, space exploration or astrology, environment engineering, petroleum engineering, archeology, hydrogeology, paleontology.

Department of Geography

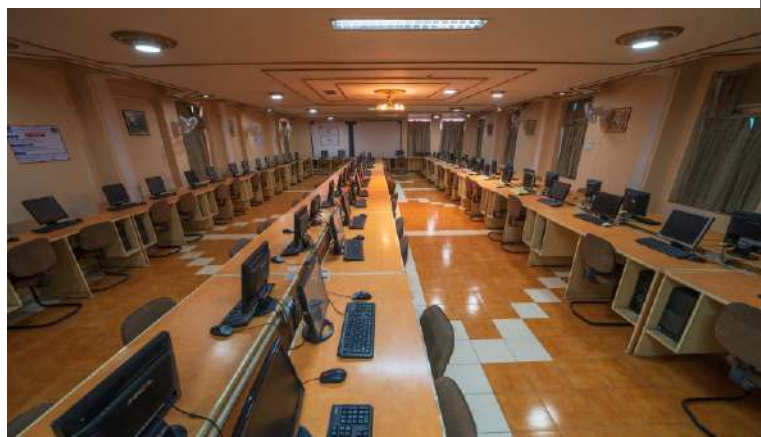

Geography includes the study of different spatial & social phenomena on the Earth's surface. It is a discipline bridging the gap between the social & natural sciences. There are two main branches of geography – physical & human. Physical geography falls within natural science while human geography is included in social science. Popular careers options in geography include academics, research in organization, cartographers, environmental consultant, urban planner, tourism officer, GIS Specialist hydrologist etc.

Scope The analytical and research skills gained from our program provide wide scope of career opportunities such as professor, research scientist, policy maker, cartographer, remote sensing analyst, soil conservationist, surveyor, town planner, water conservation officer, climate change analyst, climatologist, emergency management specialist, geomorphologist, geospatial analyst, GIS specialist, hydrologist, location analyst, meteorologist, pollution analyst.

Department of Computer Science

With the introduction of a number of revised and restructured courses, computers have become an integral part of the U.G. curriculum. The Central Computer Lab at SMPGC aims to provide the students with an opportunity for hands-on training and enhancing their computer skills. The lab is also available for career-intensive education after regular class hours. The computer Lab at the college is well equipped with over 150 latest high-end computers, 24x7 Wi-Fi & internet connectivity and all the latest softwares and applications that the students require.

Scope The topmost MNC's that hire BCA graduates are Infosys, TCS, Tech Mahindra, Wipro, HCL Technologies, Capgemini etc. Besides being a software developer or a computer programmer, one can excel in graphic designing, multimedia and animation, game designing, iconic app developer, full stack developer and surveillance.

FACULTY OF COMMERCE & MANAGEMENT

Department of Accountancy and Business Statistics (ABST)

Accounting is essentially the communication process through which financial information is passed to its users such as shareholders. Finance is essentially the science of managing funds. The courses offered by the department cover introductory as well as advanced units in financial and management accounting, finance systems, tax & company law, auditing, economics, statistics and organizational behaviour and strategic management. The Department of Accountancy aims at producing graduates equipped with skills, ethics and social responsibility who can work at both – international and domestic levels. It aims to provide rigorous training in accounting fundamentals with specialties in business valuation, assurance, taxation and data

Department of Economic Administration and Financial Management (EAFM)

The Department of Economic Administration & Financial Management (EAFM) was established in the year 2004. It is one of the most prestigious departments of the college and stands as a centre for studies in Economic Administration, Financial Management and Cooperation. The Department has a strong support system of computers, reprographic machine, high-speed internet, LCD projectors etc. which are accessible both to the teachers and students. The department also has a well maintained library for post graduate students. Several academic journals of repute and newspapers are being subscribed in the department.

Department of Business Administration

The Department of Business Administration has been committed to provide an education that takes into account the diversity of its students and encourages each to develop themselves to their full potential as entrepreneurial and productive individuals ready to assume international careers. The department has a well-stocked library with a large number of books, journals, magazines etc. keeping the students abreast with the latest in the entrepreneurial & corporate sector.

Scope

The field gives employment opportunities in areas like import-export companies, customs department, economic consulting, finance and banking sector, market analysts, executive assistants etc.

Department of BBA

The Department of BBA at Stani Memorial P.G. College has carved out a niche for itself in the field of management education with its practical approach towards the subject to quench the thirst of curious, ignited and creative entrepreneurial minds. The department is dedicated to shaping the personality of the students for a luminous corporate career. Campus placements at the institution have been very impressive in past years. IndusInd Bank, Ujjivan Micro Finance, Genpact, Infosys, E&Y were some of the recent recruiters.

Scope

Candidates can be employed in the areas such as finance, consultancy, banking, insurance, information technology, sales etc. The course gives an understanding to start one's own venture or startup with their own terms and policies to get established with the studied BBA skills and knowledge.

Department of Political Science

Political science is a social science discipline that deals with systems of government, and the analysis of political activity and political behaviour. It deals extensively with the theory and practice of politics which is commonly thought of as the determination of the distribution of power and resources. Political scientists see themselves engaged in revealing the relationships underlying political events and conditions, and from these revelations they attempt to construct general principles about the way the world of politics works. The pedagogy at the Department of Political Science at SMPGC is based on a comprehensive social science approach that integrates and interrogates sociological, economic, philosophical and cultural dimensions. It encourages a comprehensive study of the field of politics, keeping especially the Indian reality in focus.

Scope

The scope includes to become a civil servant, public opinion analyst, corporate manager, politics, journalism, foreign service officer, legal advisor to political parties, marketing research analyst, election and campaign manager, public relations specialist, bank manager, policy analyst.

Department of English

Department of English, established in 1998, started with the very conception of the college. Since then it has been growing on desired lines. It offers Pass Course at Undergraduate level as well as P.G. course at Masters Level. The courses offered – foster scholarly interpretations of individual cultural arts, such as poetry, drama and fiction. Our Post-graduate courses offer specialization papers on American literature, and applied linguistics. The students of both the levels benefit from close supervision of the faculty members.

Scope

The degree's fundamental structure is critical analysis, which summarizes a writer's work and interprets the poet's brilliance. The employment areas involve publishing houses, advertising and digital marketing, embassies, teaching, research, film production houses, print and broadcast media, language/translation departments.

Department of Hindi

The Department of Hindi in Stani Memorial P.G. College was established in 1999. Hindi is a global language and language is the key of understanding anything. With the immense popularity and international importance of Hindi, there is also a growing vista of employment in the field of Hindi literature. There are various scopes and opportunities in these subject like – Hindi officer, translator, Hindi assistant manager in different departments of central and state government. The scope has increased with the advent of private T.V. and radio channels as there is a need for editors, reporters, proof readers, radio jockeys, anchors, script writers, creative writers and many more opportunities in the media sector. The subject is also very useful in various competitive exams and government services.

Scope

The subject offers you opportunities to become a Hindi translator, Hindi assistant manager in different departments of central and state government, editors, proofreaders, reporter, anchor, radio jockey, script writers.

Department of Economics

The Department of Economics is one of the constituent departments of SMPGC. The department attracts a large number of students owing to its tradition of imparting education and promoting research. Many of its alumni have distinguished themselves in both academic and administrative spheres across the country – a small testimony to the excellence of training that we have managed to give them. The teaching programmes in the department are focused on proper blending of quality and relevance. This is sought to be achieved by periodic updating the pedagogy in conformity with the advancement of the knowledge in the subject, balancing emphasis on theoretical analysis with that on applied economics, introducing new topics from time to time and making tutorials more effective by establishing close student – teacher contact.

Scope

The career growth includes economic advisor, government sector banks and other financial institutions, financial risk analyst, economic researcher, labour economist, RBI, National Council of Economic Research, National Institute of Public Finance and Policy etc.

Department of Public Administration

The Department of Public Administration was set up in the year 1998. The department, since its inception, has been actively engaged in quality teaching, research and training as well as consultancy in the applied fields of Public Administration. The department endeavours to document and disseminate successful good governance practices by way of audio – visual media and publications. The department also undertakes activities in the field of international exchange and cooperation to promote public service reforms.

Scope

The graduates and post graduates of the subject make shining careers in following areas UPSC (IAS, IFS, IPS etc.), RAS, RPS, PCS, SDM, Public policy analyst and policy maker, journalist, professor etc.

Department of Sociology

Department of Sociology, one of the oldest departments, came into existence in Stani Memorial P.G. College since its inception in 1998. The department has been offering courses at various levels since a very long time. It aims to promote understanding among students on the contemporary complex patterns of social behaviour, thus enabling them to achieve success in their life. In general the

definition of Sociology is the systematic study of human society, culture and relationship on a group level. Social work is a helping profession. The main goal of social work is to help improve the society at large and ensure overall wellbeing and betterment of the

Scope

The popular career opportunities include – sociology professor, counselling and therapy, social service, probation and prison service, community development, administrative services, family and child development and welfare, marketing research executive.

Department of History

The Department of History, since its inception emphasizes on teaching history with its cultural, social and indigenous values. Members of the faculty are renowned as thinkers and contributors to the discipline of history and are specialists in their respective domains of research. The department also has an M.A. programme with a very large selection of courses and a newly revised undergraduate programme of instructions.

Scope

Some of the career options in history are Historians, archaeologist, educator etc.

FACULTY OF FINE ARTS

Department of Drawing & Painting

"Art enables us to find ourselves and lose ourselves at the same time". Experimentation is the keyword that describes the Department of Drawing & Painting. Students of this department are encouraged to chart out their own course apart from keeping abreast with the academic syllabus. Students are encouraged to express themselves through their art under the able guidance of highly experienced faculties. Well equipped studio and classrooms make for a conducive environment where the students can truly let their imaginations run wild and put them on paper more effectively.

Scope

The job profile in this field are Arts administrator, art restoration specialist, visiting artist, commercial artist, muralist, painter, interior designer, decorator-wall papering, painting engineer, teacher, comic artist, art director, animation programmer, graphic designer.

Department of Music

The Department of Music is devoted to the study and practice of music and associated arts. The department's sole aim is to provide first-grade musical education that gives students advanced skills in music as well as knowledge of musical history and repertory. Collaboration, creativity & musicianship all figure prominently in the department's mission & practice.

Scope

Depending upon their skills, interest and abilities. Some of the popular profiles are composer, arranger, producer, programmer, music sequencer, sound designer, music director, music editor, music supervisor, music publisher, music teacher, recording engineer, music therapist, studio manager and instrumentalist. A musician has a number of options to choose from. It opens up a completely new world of career and job satisfaction in people.

Department of Visual Arts

The department encourages its students to participate in academic, co-curricular activities wherein the students are given credits so that regular participating in these activities are invited. The consistent efforts and guidance of the faculty members have ensured that the visual arts students win laurels at various national, state and inter-collegiate level events. The visual arts department of SMPGC, Jaipur organizes an exhibition every year. This exhibition becomes a platform for the young protégés to interact with world renowned artists and have their creations assessed and judged outside the studio space.

Scope

Graduates can either work as a freelancer or find full-time prospects in their field of interest. The major career prospects in visual arts are painter, sculptor, cartoonist, multimedia consultant, photographer, archivist, architect, art gallery director, fashion designer, historian, graphic designer, interior designer, product designer, tattoo artist, landscape designer, set designer.

Community Services

“What we do for ourselves dies with us. What we do for others and the world remains and is immortal.”

-Albert Pike

The aim of SMPGC is not only at building up the academic profile of the student but it also endeavours to advance its student's as responsible human beings. Students are provided with various opportunities to act as the vital members of the community and are encouraged to share their resources with those who are underprivileged and indigent. It strives to develop leadership abilities among the students while creating a meaningful social change. The college organizes community work across a range of services including information and advice, counselling, advocacy, and support – targeting an equally diverse range of people and areas of interest. Such activities help in the moral and social development of the students thus making them responsible social individuals.

National Cadet Corps (NCC)

The main aim of NCC is to develop the qualities of character, courage, comradeship, discipline, leadership, secular outlook, the spirit of adventure and ideals of selfless service among the students. It aims at creating a pool of organized, trained and motivated youth with leadership qualities in all walks of life, who will serve the nation regardless of which career they choose. Needless to say, the NCC also provides an environment conducive to motivating young Indians to join the armed forces. First year and Second Year students can join the NCC.

Red Ribbon Club

The Red ribbon Club aims at harnessing the potential of the youth by equipping them with correct information on HIV/AIDS prevention and treatment. It also aims at building their capacities as peer educators in spreading messages on positive health behavior and motivating the youth for voluntary blood donation. SMPGC has 3 units of the Red Ribbon Club which work actively towards creating awareness of AIDS through special lectures, poster making, rallies and nukkad natak.

National Service Scheme (NSS)

NSS is a community service programme with the selfless motto – "Not Me But You". SMPGC has been allotted a unit of NSS which can enroll 100 students. Every year there is a special winter camp of NSS students in a village. Efforts are made for organizing various innovative activities similar to such camps, which help in the overall development of the students. Activities such as 'Shramdaan', tree plantation, locality cleaning, blood donation, awareness rallies etc. are organized by SMPGC's NSS Unit.

Abhinandan (Fresher's Party)

Co-curricular activities contribute to a major part of the college's curriculum, as we believe that such activities are necessary for the all-round development of a student's personality. Abhinandan is the annual Freshers' Day of SMPGC, wherein the new entrants to the college get to showcase their talents in front of the colleagues. The event scripts a beginning of celebrations, sheer hard work and perseverance that the students would be encompassing in their academic tenure at the college. It helps the students to understand each other better and develop harmonious relationships with the senior students.

Abhyuday (Inter College Youth Fest)

Stani Memorial P.G. College organizes its annual youth week 'Abhyuday' every year, wherein over 100 colleges from all over Rajasthan participate in its various events. The programme offers students an amazing platform to showcase their talents, exchange their ideas, exhibit their skills as well as network with students, academicians & professionals from all across the state. There are so many competitions like Hindi-English Debate, Science Exhibition, Rangoli, Mehandi, Solo / Group Dance, Solo / Group Song, Face Painting, T-Shirt Painting, Quiz, Fashion Show, Drama, Mono Acting etc. that are held in the campus.

Sayonara (Farewell)

Every student who enters SMPGC is given the privilege to become a proud member of the college's family and a part of its legacy. During their academic tenure, the college invests greatly in its students, in order to ensure that they are victorious and successful in whatever they take up in the future. The college becomes their home and their teachers become parents. So eventually when our future leaders, professionals & entrepreneurs embark on their journey, their farewell is an emotional experience for everyone involved. Thus 'Sayonara', a farewell event is organized every year, to bless our out-going batch and wish them the very best in all their future endeavours.

Alumni Association ("SMAA")

Alumni association "SMAA" is also an important part organ of SMPGC. Every year the graduates and the former students are selected to be a part of the alumni and serve the institution for the best. Elections for the post of President, Vice-President, Secretary, Treasurer and Members for each session are conducted.

SPORTS

Sports and games are an integral part of our institution. Thus Stani Memorial P.G. College is sufficed with appropriate sports, equipments nurturing students to be braced for future and endeavours by furnishing seamless amenities and ample space with meticulous ambience to flourish. Sports activities Like Chess, Kabbadi, Badminton, Volleyball, Cricket, Basketball & Hockey.

SMPGC strongly believes in keeping the students and their parents regularly updated about the student's academic as well as co-curricular progress. Hence SConnect, a student - faculty - parent online web portal is developed. SConnect offers a platform for students to review attributes like attendance, fee, academic profile, feedback details, online library system, newsletters, official downloads etc. The privileges of SConnect are extended to the parents through their individual login. Parents can regularly monitor the progress of their ward throughout the academic session. Faculty members regularly update the students' records and hence are aware of the day-to-day performance of the students. This ensures that faculties individually monitor the students' progress and counsel them more efficiently.

Sconnect can strictly be used only by authorized personnels (Students, Parents & Staff). The information on the portal is kept confidential. SConnect can be accessed on the following web address :<http://www.smc.ac.in> and is now also available as a mobile app on :

Conferences / Seminars / Workshops and Guest Lecturers

The college is constantly engaged in its academic pursuits by organizing seminars, workshops, conferences and guest lectures. The faculty member of the college are actively engaged in research activities and have participated in numerous national and international seminars and conferences.

Alumni Speaks

So much love and support I have received from this institution, will always be grateful.
My special regards to Ma'am Reena Chaturvedi for going that extra mile to ensure my concepts are cleared and a heartfelt gratitude to Sir Pawan Sharma, for his impeccable support throughout and even beyond my journey with SMPGC.
Thanks again!

Ms. RAKSHITA SINGH
Head, Strategy and Ideation, IPEL, Dubai

Alumnus of SMPGC Batch 2019-21
MS. PSYCHOLOGY

"I am currently pursuing my final year of M.A. in English and my experience at SMPGC has been very wonderful till now. The faculty here is highly qualified with a great experience of both teaching and mentoring.

The all-time support and motivation of teachers has enlightened me throughout. I must say that I really enjoy both my studies and co-curricular activities equally and simultaneously."

Ms. Anushika Rana

Alumnus of SMPGC Batch 2022-23
M.A. English Lit.

I found this perfect place to brighten our future because we are provided with the best teachers who listen to the problems of each and every student and provide the best guidance and leaves behind no conflict for any problem. One is likely to feel as being treated like children. I am blessed to have such a cooperative and good faculty.

Besides teachers we are provided with many more comforts according to our needs like library, canteen, computer labs, fine arts and music facility also.

Ms. Sonal Dhaka

Alumnus of SMPGC Batch 2022-23
M.Sc. Botany

Stani Memorial P.G. College is one of the best college with good infrastructure and facility. The lecturers are highly qualified & friendly. Staff is very professional with good knowledge and experience and with good qualifications.

They will help you with every difficulty and doubt related to academics and projects anytime. The college always gave top rankers and gold medalists. It has an eco-friendly campus and have its own canteen. Many companies visit the college for placements. Campus celebrates every festival with lots of fun like Navratri, Dandiya festival, annual functions, college days and various competitions.

Mr. Yashwant Nama

Alumnus of SMPGC Batch 2021
M.Sc. Zoology

I completed my post graduation from Stani Memorial P.G. College : This College is very nice and the lecturers are supportive with the students for their studies, their behaviour is friendly : All the functions are full of fun and very well organized in the college.

The best part of the college is its library which has thousands of books. Students can sit there and do their study. Students can find books of every subject from the library for the purpose of study.

Ms. Nisha Bairwa

Alumnus of SMPGC Batch 2021-23
M.A., English

This institute has been a turning point in my life and a stepping stone towards a brighter future. It has molded me to become a polished and confident person and most importantly a good human being. All thanks to my teachers who always motivated and guided me and noticed that little spark within me; to my principal who is more like a friend, philosopher, and guide and also to the office staff who has been very cooperative.

This college has not only provided me with the academic exposure but also gave me enough opportunities to have practical knowledge, inculcated confidence, positive attitude and great moral value in me. I will always be grateful to stani memorial College for making me what I am.

My time in college has enriched my life in many ways. It has provided me with the necessary tools to enhance my skills more, taught me valuable knowledge about this diverse world and people and concepts in general and eventually will enable me to hopefully become more successful in life. It also has stressed to me the importance of thinking critically and asking questions in many situations. All these aspects of college have also made me more well-rounded as a person. These experiences are truly irreplaceable and I would not trade them for anything.

Ms. Gungun Mishra

Alumnus of SMPGC Batch 2022-23
BCA

Stani Memorial P.G. Collage provides students with the opportunity to receive a higher education than they may have been able to achieve otherwise. This can lead to greater career opportunities and earning potential. Stani Memorial P.G. College provides students with a level of independence that they may not have experienced before. Stani college can be a valuable experience that helps them develop self-reliance and responsibility. Showing gratitude can go a long way in building positive relationships and creating a supportive community.

Mr. Akshay Kumar Jain

Alumnus of SMPGC Batch 2021
M.Sc.

"I had an incredible experience pursuing my Bachelor's degree in Business Administration at SMPGC College. The faculty members truly stood out with their exceptional knowledge, expertise, and unwavering support. Their approachability and willingness to go the extra mile to help students succeed made a significant impact on my academic journey.

Moreover, the friendly environment at SMPGC College fostered a sense of camaraderie among students. The supportive atmosphere allowed us to collaborate, share ideas, and grow together. Whether it was through group projects, extracurricular activities, or simply engaging in meaningful conversations, I felt a strong sense of community throughout my time at the college.

Mr. Ansh

Alumnus of SMPGC Batch 2022
BBA

My College life experience is truly one of a kind. The most common memories people have of college life are definitely goofing around with friends. They remember how the group of friends walked around the college in style and playing silly pranks on each other.

The Behaviour of Faculty in this college is very polite to their students. The faculty of physics department help out you to solving method or practical of physics or any related to education.

Moreover, people always look back at the times spent in the college canteen. It was considered the hub of every student where they enjoyed eating and chatting away with their friends.

Mr. Siraj Khan

Alumnus of SMPGC Batch 2022
Physics

The best thing overall about the college is the vibe and opportunity the place provides. Best, knowledgeable and supportive professor's with great teaching style that helps us in learning new thing as well as in building our skills.

Ms. Sezal Sharma

Alumnus of SMPGC Batch 2022-2023
M.A., English

I chose this course because I wanted to be a coder and I knew this field would give me a good chance to be a one. And I like to study data and its analysis. My faculty is quite great. Each subject has highly qualified teachers.

Life in campus has comfort. We have many fests available in my college as my college is a degree college and has many courses in it. There is a big library in the college. There are a lot of sports activities happening in the college and everyone is free to participate. There have been big events like science mela where chief guest are been invited, there are clubs in our college which engage different people of other colleges to come together.

My college life experience is truly one of a kind. The most common memories people have of college life are definitely goofing around with friends and also, all the competitions were carried out in a good spirit.

Ms. Prabdeep Kaur

Alumnus of SMPGC B.C.A. Batch 2022
Physics

Stani Memorial is a place where one can learn the true value of individuality in all aspects. The exposure gained from college events is something that helps one to grow as a person, which is important. I find our college unique in this matter.

Ms. Anjali Chandani

Alumnus of SMPGC Batch 2022-23
M.A., English

I am very grateful to be part of the Stani Memorial P.G. College, Mansarovar, It gives us more exposure and boost our confidence. I like the family-like atmosphere that surrounds me. The College really care about its members. It is a place of civility, friendship and good cheer.

Ms. Kamakshi Tiwari

Alumnus of SMPGC Batch 2022-23
