From the President's Desk...

Stani Memorial P.G. College is among the top ranking private colleges in the state. A centre of excellence in education in the city of Jaipur, the college is known for its dedication towards promoting excellence in education, academics, physical and mental growth along with fostering ethical knowledge among the youth of today.

The college was instituted in the year 1998 and has completed more than two decades of striving for providing multi-dimensional quality education so as to achieve the goal intended by our Founder President, Dr. Thomas Cangan. His vision was creation and dissemination of quality, world class, affordable education encompassing nurturing of human values, life skills & ethics.

The college has a glorious past and has performed its task with wide acclaim, which is evident from the records of the alumni who have secured a towering career status. In the light of futuristic foretell, Stani Memorial P.G. College is emerging as the center of excellence in research, may it be the fields of arts, science or culture. On behalf of the SMPGC faculty members, management and all those associated with it, I extend my best wishes to all students and wish them success in all their endeavors.

Prof. Barbara Cangan
President,
SIIRM Consortium of Educational Institutions

Managing Director Speaks...

As a step towards the mission of promoting quality education among the children, the Society for Indian Institute of Rural management (SIIRM) established the Stani Memorial P.G. College of Arts, Commerce and Science in the year 1998.

I am happy to state that right from its inception, it has been striving to serve the cause for which it had been set up. As a result, the college has earned a place of pride by virtue of its dedicated scholarly pursuits. I extend my sincere gratitude to the Principal, members of the faculty and other staff members for the success the college has achieved.

Of course, the students who imposed faith in us and co-operated in all our initiatives – targeted for their overall development, also warrant compliments. Stani Memorial P.G. College welcomes and aspires to admit those students who are career conscious, highly disciplined, inquisitive and really determined to make a mark in life. In order to promote the general advancement of subject knowledge, understanding and the deepness of the subject, we have constituted a team of gleamed and highly experienced academicians.

I wish you all the very best in all your endeavors. God speed

Mr. Elwin Thomas Cangan
Managing Director
SIIRM Consortium of Educational Institutions

From the **Principal's Desk**

About SMPGC

Stani Memorial P.G. College was established in the year 1998 with the motto “*In Pursuit of Excellence in Education.*” The main mission of starting the college was to prepare the students for high profile careers in all walks of life, including Civil Services, NDA, Banking, and management sector. Many of our students have already qualified the Civil Services Examination and have brought laurels to the institute.

The pedagogy at SMPGC is ever evolving, thus keeping pace with the new world’s professional requirements. It makes sure that the students are abreast with the latest knowledge available thus fabricating academic up-gradation – a regular phenomenon at the college.

SMPGC is committed to promoting and preserving a curriculum leading to academic excellence and professional advancement. It continuously assesses and adapts its curriculum to meet the rapidly changing needs of the society.

Stani Memorial P.G. College can proudly boast about its highly qualified faculty members with years of experience in their respective fields of study & research. The pedagogy at SMPGC ensures that appropriate personal attention is given to each student, not only in the classroom but outside also. The college has high-end, well-equipped laboratories of Biotechnology, Computer Science, Chemistry, Physics, Botany, Zoology, Statistics, Psychology, Geography, Geology, Drawing & Painting, Visual Arts & B.B.A. It is our belief at SMPGC that knowledge confined merely to books, is of no use unless combined with hands-on practical experience for providing skills to live a better life.

The Vision

- To be a global leader in creation of a knowledge society through quality in education and research, thus producing competent and visionary citizens for the society.
- To promote the general advancement of human knowledge understanding and overall development of the students to their highest potential so that they may contribute to the improvement of the standards and cultural values of all people.

Mission

To create a distinct environment of excellence in education with human values & social commitment, which will result in preparing the students for a high profile career in all walks of life, including civil services & other high profile jobs.

Core Values

Stani Memorial P.G. College's aim is to provide a transformative, practical and excellent liberal education that produces critical thinkers in an inclusive, diverse environment. Our students believe in equality, integrity, peace, simplicity and emphasize on the creative problem-solving skills, experience, enthusiasm and international perspectives necessary to promote a positive change in the world. The college strongly believes in:

- Commitment to students and faculty members.
- Innovation for all processes involved in value addition.
- Honesty, integrity, ethicality & transparency in all tasks undertaken for stake holders.
- No compromise for the best quality in all undertakings.
- Persistence, perseverance and diligence to achieve best results.

INFRASTRUCTURE

The Campus

SMPGC proudly boasts of its independent, aesthetically designed & constructed campus. It gives an opportunity to young boys and girls to study together in an academic environment so that they can bear the responsibilities and challenges of life. The infrastructure is ultra modern with all the amenities required by the students of the present generation. 24x7 Wi-Fi enables students to be seamlessly connected with the latest knowledge of everything. While the CCTV surveillance makes sure of their safety and security.

Lecture Theaters

SMPGC has well furnished, spacious lecture theaters equipped with all the latest modern teaching aids like OHPs, & LCD projectors, to make sure that the students & the faculty members have the very best means at their disposal. This break from the traditional textbook teaching ensures a more practical & interactive classroom experience.

A photograph showing several students in blue SMPGC uniforms in a library. Some are standing near bookshelves, while others are sitting at a long table reading books. The library has grey metal bookshelves filled with books.

Library

SMPGC has a hi-tech computerized library to help students to reach the pinnacle of excellence in their particular field of study. It has a rich collection of more than 30,000 books and a subscription of more than 07 newspapers and UGC approved journals and magazines. It provides a healthy and peaceful atmosphere for the students to enhance their academic growth and performance.

Regularity of Classes

Stani Memorial P.G. College strictly monitors the regularity of classes and ensures the punctuality of the students and their proper attendance. Students securing less than 75% attendance are not allowed to appear in the university examinations. The parents are also kept informed about the student's attendance and their performance on regular basis.

Students Committee

Stani Memorial P.G. College has the most efficient and well-managed student committees which comprehend the various activities organized by the college. This inculcates the feeling of self-discipline, team spirit and humanistic values among the students so that they can achieve their goals in a more creative way. It also contributes towards the student's holistic wellness and recreational needs.

Conference Room

The college provides high profile conference rooms equipped with modern scientific teaching-learning aids which are utilized for providing a better understanding of subjects through LCD projectors, seminars, video conferencing and informative learning. Guest lectures and FDPs are regularly conducted, making optimum use of such high-end infrastructure.

Student Leadership Development Programme

Stani Memorial P.G. College offers training programmes and seminars through the students committees, thus providing opportunities to develop fundamental leadership skills that are necessary for sustaining and progressing in serving any organization. It also imbibes the traits of maintaining successful personal and professional relationships.

**STUDENT
LEADERSHIP
DEVELOPMENT
PROGRAMME**

Counseling

The college organizes regular counseling camps by subject experts, in order to help the students to efficiently deal with their problems. Counseling camps are conducted for all the Under - Graduate & Post Graduate students, to polish their professional skills and equip them for their future endeavours.

Personality Development Programme

The 'Personality Development Programme' has been meticulously designed to aid the students to enhance their sense of identity and self-awareness while allowing them to better harness their potential. The programme focuses on nurturing their talents in order to ensure and formulate a better learning of themselves on both – professional and personal front. Our faculty members aim to ensure that each individual student is able to make the most of his/her talent & potential.

IGNOU

SMPGC has also teamed with Indira Gandhi National Open University (IGNOU), the largest open university in the world, to offer additional certification programmes, under graduate & post graduate courses to all of its students. The programmes currently offered by our IGNOU Study Centre are as follows :

1. Bachelor of Social Work (**BSW**)
2. Master of Social Work (**MSW**)
3. Master of Social Work (Counselling) (**MSWC**)
4. Master of Arts (Rural Development) (**MA(RD)**)
5. Post-Graduate Diploma in Rural Development (**PGDRD**)
6. Certificate Programme in Rural Development (**CRD**)
7. Certificate in NGO Management (**CNM**)
8. Diploma in Panchayat Level Administration & Development (**DPLAD**)

Rajasthan State Certificate Course in Information Technology (RSCIT)

RS-CIT has been recognized by the Dept. of Information Technology and Communication (DoIT&C), Govt. of Rajasthan to propagate IT Literacy among the people of Rajasthan. With an eye on the future prospects of information technology, SMPGC has also teamed up with Rajasthan Knowledge Corporation Limited (RKCL) to become an approved RS-CIT Centre in order to bridge the digital divide and offer IT friendly courses for all its students.

Preparation for Competitive Examinations

FACULTY OF SCIENCE

DEPARTMENTS

- Botany
- Zoology
- Chemistry
- Physics
- Mathematics
- Biotechnology
- Geology
- Statistics
- Geography
- Psychology

Department of Botany

Botany, also called plant science(s), plant biology or phytology, is the science of plant life and a branch of biology. Botany as a subject is related to the study of plants and a career in it would mean studying in depth about fungi, algae, plants, diseases, growth, metabolism and structure between different groups. When planning a career in Botany, the job profile can include study of plants, research, working with industries, teaching, self employment, and being a part of many more fields. SMPGC's Department of Botany was established in 2001 as under graduate level. The department provides good experimental facilities based on university Syllabus. It grows as post graduate department in the year 2005.

Department of Zoology

Zoology or animal biology is the branch of biology that relates to the animal kingdom, including the structure, embryology, evolution, classification, habits, and distribution of all animals, both living and extinct, and how they interact with their ecosystems. It is one of the most exciting areas of study involving every imaginable kind of animals (including humans), in habitats as diverse as rain forest and ocean. In SMPGC the Department of Zoology was established in 2001-02 at UG level. It acquired the P.G status during the session 2005-06.

Department of Chemistry

Chemistry is a branch of physical science that studies the composition, structure, properties and change of matter. Chemistry includes topics such as the properties of individual atoms, how atoms form chemical bonds to create chemical compounds, the interactions of substances through intermolecular forces that give matter its general properties, and the interactions between substances through chemical reactions to form different substances. Department of Chemistry at SMPGC was established during the session 2001-02, since then it has been growing steadily as is apparent from the enrolled strength of students in every succeeding year. It acquired the PG status during the session 2005-06. There are separate chemistry labs for UG & PG; equipped with all necessary instruments like Conductivity Meter, pH Meter, Spectrophotometer, OHP, Colorimeter etc.

Department of Physics

Established in the year 2001, the Department of Physics at SMPGC has evolved into a leading centre in the areas of undergraduate & postgraduate studies in Rajasthan. The department acquired the P.G. status during the session 2009-10. The department participates in various national and international research initiatives and also hosts various conferences, seminars, meetings etc. of research interest regularly. Besides imparting quality education to the department students, the faculty also ensure that the students are up to date with the latest in the areas of technology, particularly related to physics.

Department of Mathematics

Mathematics, hailed as the "Queen of Sciences" by Carl Fredrich Gauss, dreaded by many and loved by an equal number, has progressed rapidly since the beginning of recorded history. Mikhail B. Sevryuk noted in January 2006 that "the number of papers and books included in the Mathematical Reviews database since 1940 (the first year of publication of MR) is now more than 1.9 million and about 75 thousand items are added to the database each year".

Department of Statistics

Statistics is a collection of mathematical techniques that help to analyze and present data. Statistics is also used in associated tasks such as designing experiments and surveys and planning the collection and analysis of data from these. Education in the Statistics discipline acquaints students with the role played by probabilistic and statistical ideas and methods in the many fields of science, medicine, technology, and even the humanities. The department is set out to provide instruction in the theory and application of techniques that have been found to be commonly useful, and offer advanced training through interdisciplinary and graduate programs.

Department of Psychology

The Department of Psychology at SMPGC was started in the session 2004-2005 for the overall development of students via interactive teaching methods used by qualified faculties in order to improve the student's psychological skills. Seminars, special lectures by eminent professors are organized regularly by the department. To give good practical knowledge of the subject, the department boasts a well equipped Psychology lab with all necessary psychological tests & apparatuses. Personal attention is given to each student and internal exams are conducted time to time by devoted & committed faculties, to check the students gradual progress so that the students.

Department of Biotechnology

Biotechnology is an emerging and interdisciplinary field of life sciences. Biotechnology is the use of living systems and organisms to develop or make products, or "any technological application that uses biological systems, living organisms or derivatives thereof, to make or modify products or processes for specific use. It is a platform for the interface of new techniques of drug development, chemical industry, agriculture and other paramedical branches. SMPGC has emerged as a centre for development of technical and research skills in Biotechnology and allied courses. Programs offered in Biotechnology are UG integrated Biotech and PG Biotech.

Department of Geology

With a mandate of advancement in teaching and research, the Department of Geology is continuously upgrading its facility through a variety of enrichment programs – in-line with the requirements of the industrial sector. The department is committed to produce future geologists with acumen for socio-economic development of the nation. A combination of young and experienced faculty with advanced teaching, learning, library and laboratory facilities in the campus and linkages to industry makes the graduation in the Department an exceptional experience.

Department of Geography

Geography includes the study of different spatial & social phenomena on the Earth's surface. It is a discipline bridging the gap between the social & natural sciences. There are two main branches of geography - physical & human. Physical geography falls within natural science while human geography is included in social science. Popular careers in geography includes academic, research in organization, cartographers, environmental consultant, urban planner, tourism officer, GIS Specialist hydrologist etc.

Department of Computer Science

With the introduction of a number of revised and restructured courses, computers have become an integral part of the U.G. curriculum. The Central Computer Lab at SMPGC aims to provide the students with an opportunity for hands-on training and enhancing their computer skills. The lab is also available for career-intensive education after regular class hours. The computer Lab at the college is extremely well equipped with over 150 latest high-end computers, 24x7 wi-fi & Internet connectivity and all the latest softwares and applications that the students require.

FACULTY OF COMMERCE & MANAGEMENT

DEPARTMENTS

- Accountancy and Business Statistics
- BBA

Department of Accountancy and Business Statistics (ABST)

Accounting is essentially the communication process through which financial information is passed to its users such as shareholders. Finance is essentially the science of managing funds. The courses offered by the department cover introductory as well as advanced units in financial and management accounting, finance, systems, tax & company law, auditing, economics, statistics and organizational behaviour and strategic management. The Department of Accountancy aims at producing graduates equipped with skill, ethic and social responsibility who can work in both international and domestic levels. It aims to provide rigorous training in accounting fundamentals with specialties in business valuation, assurance, taxation or AIS and Data Analytics.

Department of BBA

The Department of BBA at Stani Memorial P.G. College has carved out a niche for itself in the field of management education with its practical approach towards the subject to quench the thirst of curious, ignited and creative entrepreneurial minds. The Department is dedicated to shaping the personality of the students for a luminous corporate career. Placements at the institutions have been very impressive in past years. various Maxs and Banking sector like IndusInd Bank, Ujjivan Micro Finance, Genpact, Infosys, E&Y were some of the recent recruiters.

- Economics Administration and Financial Management
- Business Administration

Department of Economics Administration and Financial Management (EAFM)

The Department of Economic Administration & Financial Management (EAFM) was established in the year 2004. It is one of the most prestigious departments of the college and stands as a centre for studies in Economic Administration, Financial Management and Cooperation. The Department has a strong support system of Computers, Reprographic Machine, Internet, LCD Projector which are accessible both to the teachers and students. The Department also has a well maintained library for post graduate students. Several academic journals of repute and newspapers are being subscribed in the Department.

Department of Business Administration

The Department of Business Administration is strong and pioneering for Studies in Management and Business Administration. The Department has been committed to provide an education that takes into account the diversity of its students and encourages each to develop themselves to their full potential as entrepreneurial and productive individuals ready to assume International careers.

FACULTY OF ARTS & SOCIAL SCIENCES

DEPARTMENTS

- Political Science
- History
- Economics
- Public Administration
- English
- Sociology
- Hindi
- Journalism & Mass Communication
- Geography*
- Psychology*

Department of Political Science

Political science is a social science discipline that deals with systems of government, and the analysis of political activity and political behaviour. It deals extensively with the theory and practice of politics which is commonly thought of as determining of the distribution of power and resources. Political scientists "see themselves engaged in revealing the relationships underlying political events and conditions, and from these revelations they attempt to construct general principles about the way the world of politics works." The pedagogy at the Department of Political Science at SMPGC is based on a comprehensive social science approach that integrates and interrogates sociological, economic, philosophical and cultural dimensions. It encourages a comprehensive study of the field of politics, keeping especially the Indian reality in focus.

Department of History

The Department of History, since its inception emphasize on teaching History with its cultural, social and Indigenous values. Members of the faculty are renowned as thinkers and contributors to the discipline of History and specialists in their respective domains of research. We have an MA programme with a very large selection of courses and a newly revised undergraduate programme of instructions.

Department of English

Department of English, established in 1998, started with the very conception of the college. Since then it has been growing on desired lines. It offers Pass Course at Undergraduate level as well as P.G. course at Masters Level. The courses offered – foster scholarly interpretations of individual cultural arts, such as Poetry, Drama and Fiction. Our Post-graduate courses offer specialization papers on American Literature, and Applied Linguistics. The students of both the levels benefit from close supervision of the faculty members.

Department of Sociology

Department of Sociology, one of the oldest departments, came into existence in Stani Memorial P. G. College since its inception in 1998. The department has been offering courses at various levels since a very long time. It aims to promote understanding among students on the contemporary complex patterns of social behaviour, thus enabling them to achieve success in their life. In general the definition of Sociology is the systematic study of human society, culture and relationship on a group level. Social work is a helping profession. The main goal of Social work is to improve a society overall wellbeing/ organized work directed betterment of social conditions in the community.

Department of Economics

The Department of Economics is one of the main constituent departments of SMPGC. The department attracts a large number of students owing to its tradition of imparting education and promoting research. Many of its alumni have distinguished themselves in both academic and administrative spheres across the country – a small testimony, perhaps, to the excellence of training that we have managed to give them. The teaching programmes in the Department are focused on proper blending of 'quality' and 'relevance'. This is sought to be achieved by periodic updating the pedagogy in conformity with the advancement of the knowledge in the subject, balancing emphasis on theoretical analysis with that on applied economics, introducing new topics from time to time and making tutorials more effective by establishing close student – teacher contact.

Department of Public Administration

The Department of Public Administration was set up in the year 1998. The Department, since its inception, has been actively engaged in quality teaching, research and training as well as consultancy in the applied fields of Public Administration. The Department endeavors to document and disseminate successful good governance practices by way of audio – visual media and publications. The Department also undertakes activities in the field of International exchange and cooperation to promote public service reforms.

Department of Hindi

The department of Hindi in Stani Memorial P.G. College was established on 1999. Hindi is a global language and language is the key of understanding anything. With the immense popularity and international importance of Hindi, there is also a growing vista of employment in the field of Hindi literature. There are various scopes and opportunities in these subject like – Hindi officer, translator, hindi assistant manager in different departments of central and state government. The scope has increased with the advent of private T.V. and radio channels as there is a need for editors, reporters, proof readers, radio jockeys, anchors, script writers, creative writers and many more opportunities in the media sector. The subject is also very useful in various competitive exams and government services.

Department of Journalism & Mass Communication

Media stands as an attractive career prospect to the youth of today. SMPGC had introduced this program, so that an individual can become familiar to Mass Communication and also become aware of what Mass Communication has to offer him in terms of career. In the era of communication revolution, a good education in Mass Media will catapult ones career.

A pioneering force in journalism education, the Department of Journalism & Mass communication at SMPGC is now a renowned centre for the study of mass media. What makes the school such a dynamic place, is a unique blend of latest and updated course curriculum with up-to-date lab equipments. Faculty of wide academic experience and extensive media exposure are the assets of our school.

FACULTY OF FINE ARTS

DEPARTMENTS

- Drawing and Painting

Department of Drawing & Painting

“Art enables us to find ourselves and lose ourselves at the same time”. Experimentation is the keyword that describes the painting department. Students of this department are encouraged to chart out their own course apart from keeping abreast with the academic syllabus. Students are encouraged to express themselves through their art under the able guidance of highly experienced faculties. Well equipped studio and classrooms make for a conducive environment where the students can truly let their imaginations run wild and put them on paper more effectively.

- Music

- Visual Arts

Department of Music

The department of music is devoted to the study and practice of music and associated arts. The department's sole aim is to provide first-grade musical education that gives students advanced skills in music as well as knowledge of musical history and repertory. Collaboration, creativity & musicianship all figure prominently in the department's mission & practice.

Department of Visual Arts

The department encourages its students to participate in academic, co-curricular activities wherein the students are given credits for students so that regular participating in these activities are invited. The consistent efforts and guidance of the faculty members have ensured that the visual arts students win laurels at various national, state and inter collegiate level events. The visual arts department of SMPGC, Jaipur organizes an exhibition every year. This exhibition becomes a platform for the young protégés to interact with world renowned artists and have their creations assessed and judged outside the studio space.

Community Services

“What we do for ourselves dies with us. What we do for others and the world remains and is immortal.”

-Albert Pike

The aim of SMPGC is not only at building up the academic profile of the student but it also endeavors to achieve its student's as responsible human beings. Students are provided with various opportunities to act as the vital members of the community and are encouraged to share their resources with those who are underprivileged and indigent. It strives to develop leadership abilities among the students while creating meaningful social change. The college organizes community work across a range of services including information and advice, counselling, advocacy, and support – targeting an equally diverse range of people and areas of interest. Such activities help in the moral and social development of the students thus making them responsible social individuals.

National Service Scheme (NSS)

It is a community service program with the **The Moto of NSS is "NOT ME BUT YOU."** SMPGC has been allotted a unit of NSS which can enroll 100 students. Every year there is a special winter camp of NSS students in a village. Efforts are made for organizing various innovative activities similar to such camps, which help in the overall development of the students. Activities such as Shramdan, Tree Plantation, Locality cleaning, Blood donation, Awareness Rallies etc. are organized by the NSS Unit.

Red Ribbon Club

The Red ribbon Club aims at harnessing the potential of the youth by equipping them with correct information on HIV/AIDS prevention and treatment. It also aims at building their capacities as peer educators in spreading messages on positive health behavior and motivating the youth for voluntary blood donation. SMPGC has 3 units of the Red Ribbon Club which work actively towards creating awareness of AIDS through special lectures, poster making, rallies and nukkad natak.

National Cadet Corps (NCC)

The main aim of NCC's is to develop the qualities of character, courage, comradeship, discipline, leadership, a secular outlook, the spirit of adventure and ideals of selfless service among the students. It aims at creating a pool of organized, trained and motivated youth with leadership qualities in all walks of life, who will serve the nation regardless of which career they choose. Needless to say, the NCC also provides an environment conducive to motivating young Indians to join the armed forces. First year and Second Year students can join NCC.

Student's Achievements

SMPGC believes in the overall development of all its students. Thus we encourage our students to participate in various curricular & co-curricular activities at national, state and inter-college level. This exposure makes certain that the students are academically sound and equally equipped to face the challenges of life. Some of the students who have brought laurels to the institute are as follows:

List of Students Achieved Postions in the Difference Inter College Events in the Academic Year

Yuvtarang

Co-curricular activities contribute to a major part of the college curriculum, as the college believes that such activities are necessary for the all-round development of a student's personality. Yuv Tarang is the annual Freshers' Day of SMPGC, wherein the new entrants to the college get to showcase their talents in front of the colleagues. The event scripts a beginning of celebrations, sheer hard work and perseverance that the students would be encompassing in their academic tenure at the college. It helps the students to understand each other better and develop harmonious relationships with the senior students.

रंग तरंग

Stani Memorial P.G. College organizes its youth week 'Rang Tarang' every year, wherein over 100 colleges from all over Rajasthan participate in its various events. The programme offers students an amazing platform to showcase their talents, exchange their ideas, exhibit their skills as well as network with students, academicians & professionals from all across the state.

Farewell (Aashirvaad)

Every student that enters SMPGC is given the privilege to become a proud member of the college's family and be a part of its legacy. During their academic tenure, the college invests greatly in its students, in order to ensure that they are victorious and successful in whatever they take up in the future. The college becomes their home and their teachers become parents. So eventually when our future leaders, professionals & entrepreneurs embark on their journey, their farewell is an emotional experience for everyone involved. Thus 'Aashirvaad', a farewell event is organized every year, to bless our out-going batch and wish them the very best in all their future endeavours.

SMPGC strongly believes in keeping the students and their parents regularly updated about the student's academic as well as co-curricular progress. Hence SConnect, a student - faculty - parent online web portal was developed. SConnect offers a platform for students to review attributes like attendance, fee, academic profile, feedback details, online library system, newsletters, official downloads etc. The privileges of SConnect are extended to the parents as well through their individual login. Parents can regularly monitor the progress of their ward throughout the academic session. Faculty members regularly update the students' records and hence are aware of the day-to-day performance of the students. This ensures that faculties individually monitor the students' progress and counsel them more efficiently.

Sconnect can strictly be used only by authorized personnel (Students, Parents & Staff). The information on the portal is kept confidential. SConnect can be accessed on the following web address :<http://www.smc.ac.in> and is now also available as a mobile app on :

Conferences & Seminars

Indo - Australian Conference

An Indo - Australian International Conference on Industry-Academia Collaboration and Employability, was recently organized by the college. The programme was about the education system of India and Australia. Undoubtedly science and innovation are critical for boosting a nation's productivity, creating job opportunities, enhancing competitiveness and growing the economy, so with this objective the international seminar was organized where experts from both countries discussed on how to guide the young population of students and also counsel them. The seminar also focused on ways and means of enhancing their employability in terms of emoluments and position, not only in India but at a global level with special focus on Australia.

Seminars

The college is constantly engaged in its academic pursuits by organizing seminars and guest lectures. The faculty members of the college are actively engaged in research activities and have participated in numerous national and international seminars and conferences.

- The Department of Zoology, SMPGC organized seminar for the students of the college on October 13, 2017.
- A valuable guest lecture was conducted in Hindi Department by Dr. Govind Sharan Sharma, Professor, B.B.D. Govt. PG College, Chimanpura, Jaipur on October 27, 2017. The topic of guest lecture was on "प्रयोजनमूलक हिन्दी और प्रतियोगी परीक्षा".
- The Department of Commerce, BBA and Economics organised a seminar on Oct. 28, 2017 on "Impact of Various Reforms on Indian Economic Growth".
- A Guest lecture on "Programmed Cell Death" organized by Dept. of Botany on Oct. 30, 2017.
- A seminar was conducted on "Women Are Not Born , But Made" by Department of Sociology and English on Nov. 10, 2017 to make the students aware about the women empowerment.
- A valuable and current issues Seminar on "भारतीय राजनीतिक और प्रशासनिक परिदृश्य महिलाओ की भूमिका" was conducted on December 11, 2017 by Department of Social Science (Political Science, Public Administration, History)

Alumni Stars

I completed my Bachelor's and Master's Degree in Biotechnology from SMPGC in 2007-2012. Those five years in the college lane enriched my life in many ways. Today, I completed my Ph.D. and I am truly thankful to SMPGC for this achievement. This college had given me a chance to sharpen my knowledge and skills in biotechnology field. The college has the best facilities in biotechnology since the time when biotechnology field was new & emerging. The biotechnology department has well equipped separate labs for UG and PG students.

Dr. Anukool Vaishnav (Ph.D., NET)

Research Associate

Current Organization: ICAR- National Bureau of Agriculturally Important Microorganisms (NBAIM), Maunath Bhanjan, Uttar Pradesh

SMPGC is one of the most prestigious institutions in Rajasthan. I've completed my Bachelor's Degree in Biotechnology. In this time I truly enjoyed my experience and the environment of the college. The lecturers I've had were generally pretty versed yet humble. Definitely SMPGC helped me to mature quickly since we are not closed off to the real world. The experience of faculty members, laboratory setup, networking of connections in industries etc. that SMPGC has in the field of Biotechnology are significantly better than almost any other college in Rajasthan.

Arjunveer Sharma

Ph.D. Medicine (Hematology-Oncology) Universitätsmedizin Mainz, Germany

SMPGC, Jaipur provided me with a great learning experience while I pursued my M.Sc. in Biotechnology during 2012-2014. The staff of the college was very good and helpful, while the college campus proved to be an educational hub, full of amenities like well-equipped library, computer cell, hi-tech laboratories etc. So I can truly say that SMPGC, Jaipur is an excellent place to build your career and achieve great success in life.

Deepak Kumar

**Working In Quality Control Department as Executive (since 2 Years)
INTAS Pharmaceutical Limited (Biopharma Division), Ahmedabad, Gujarat**

I had completed my M.Sc. from Stani Memorial P.G. College in the year 2014. My overall experience at the college was excellent. All the faculty members encouraged us not only to study, but to also participate in various cultural, extra-curricular and sports events. The educational tours organized by the institute, surely brightened our research career. I heartily thank SMPGC for motivating us and ensuring our bright, successful future.

Priya Verma

**Analyst In Food Testing Department
Oasis Pharmaceutical Pvt. Ltd., Jaipur, Rajasthan**

Doing my Masters Degree from Stani Memorial P.G. College, was one of the best decisions of my life. The college provided a great ambience for us to learn and experience something new every time. Experimental facilities helped me a lot to enrich my interest in research and allowed me to explore my field further. I really appreciate the overall. I really appreciate the overall experience during my studies. It was a milestone for my current achievements which would have not been possible without the great learning I received at SMPGC. I wish huge success to all my upcoming and current juniors.

Dr. Hemant Joshi

Postdoc Research Associate at Washington University of Medicine St. Louis (US) From 2017 to continue.

Ragging an offence

NO RAGGING

“Ragging is prohibited as per the decision of Hon’ble Supreme Court of India in Writ Petition no. © 656/1998”

Strict disciplinary action including lodging of FIR with the Civil Authorities, will be taken against defaulters. Students found indulging in any such activities will face exemplary and justifiably harsh punishment including expulsion from the Institute.

The Management

The overall administration of the entire network of SIIRM is overseen by a Board of Management which comprises of President, Advisor, Managing Director, Executive Director, Secretary & Treasurer. They are assisted by CEO, Registrar, Directors, Faculty & Staff. The office of the President of SIIRM is located at the Jaipur Campus. There is a separate Governing Council consisting of renowned academia and corporate leaders to advise the Board of Management on general management and academic affairs.
